IM5

What is IM?

IM is a premium brand under the SAIC Group umbrella and has secured investment from tech giants like Alibaba as well as venture capital firms. This venture is set to revolutionize the automotive landscape, guiding consumers towards a new era of EV excellence. Under the MG banner, the IM marque stands as a testament to meticulously crafted, technologically advanced vehicles, designed to offer a deeply engaging driving experience.

The IM5 Sedan was conceived with a passion to provide a luxurious EV driving experience. Its intuitive features and integrated technologies, alongside premium components, sets a new standard of luxury within the EV market.

Design

The IM5 is more than just a vehicle; it's cutting-edge technology that's exquisitely crafted. Choose between RWD and AWD variants, beginning with a 75kWh battery and increasing to a more substantial 100kWh battery. Its aerodynamic silhouette isn't just efficient; it reflects modern design cues and language. With an impressive range of up to 755km‡, the IM5 doesn't just arrive, it makes a statement.

Interior

IM5's interior has been designed to be the pinnacle of comfort and convenience within the EV automotive landscape. Measuring in at 4931mm long, 1960mm wide and standing 1474mm tall, IM5's size enables it to have more space and more comfort for all of its passengers. Soft to the touch upholstery is prevalent throughout the interior, with heated and cooling seating also made standard across both trims. A panoramic glass roof adores passengers, allowing them to either bathe in sunlight or enjoy the stars, available across both trims. Front and Rear independent air vents are also present, ensuring every passenger is climate controlled.

Coinciding with the premium interior components, IM5 seamlessly integrates smart technology throughout its cabin. At its heart, the formidable Qualcomm Snapdragon® 8295 Central Processing Unit (CPU) is the driving force behind all key vehicle functionalities. Essential driving controls are intuitively accessed via a crisp HD 10.5" central touchscreen, while the immersive 26.3" infotainment display brings Wireless Apple CarPlay® and Android Auto™ to life, ensuring you remain effortlessly connected and in command. For added convenience, a dedicated wireless and ventilated charging mat allows your mobile device to recharge on the go.

IM Alive with the sound of MUSIC

Step into a world where sound is perfected. This premium Audio System of IM5 is powered by up to 20 speakers, including the 4 sky speakers, and we are one of the very few that can offer the 7.1.4 professional audio. This is seamlessly integrated into the IM5 to deliver an exceptional acoustic performance tailored to your preferences.

Leveraging advanced technology, this setup ensures optimal sound distribution and crystal-clear audio fidelity throughout the cabin. It's more than just a sound system; it's a personalized sonic sanctuary.

Furthermore, IM5 occupants can also easily command vehicle features with their voice – from switching tracks to modifying volume – for a truly accessible experience.

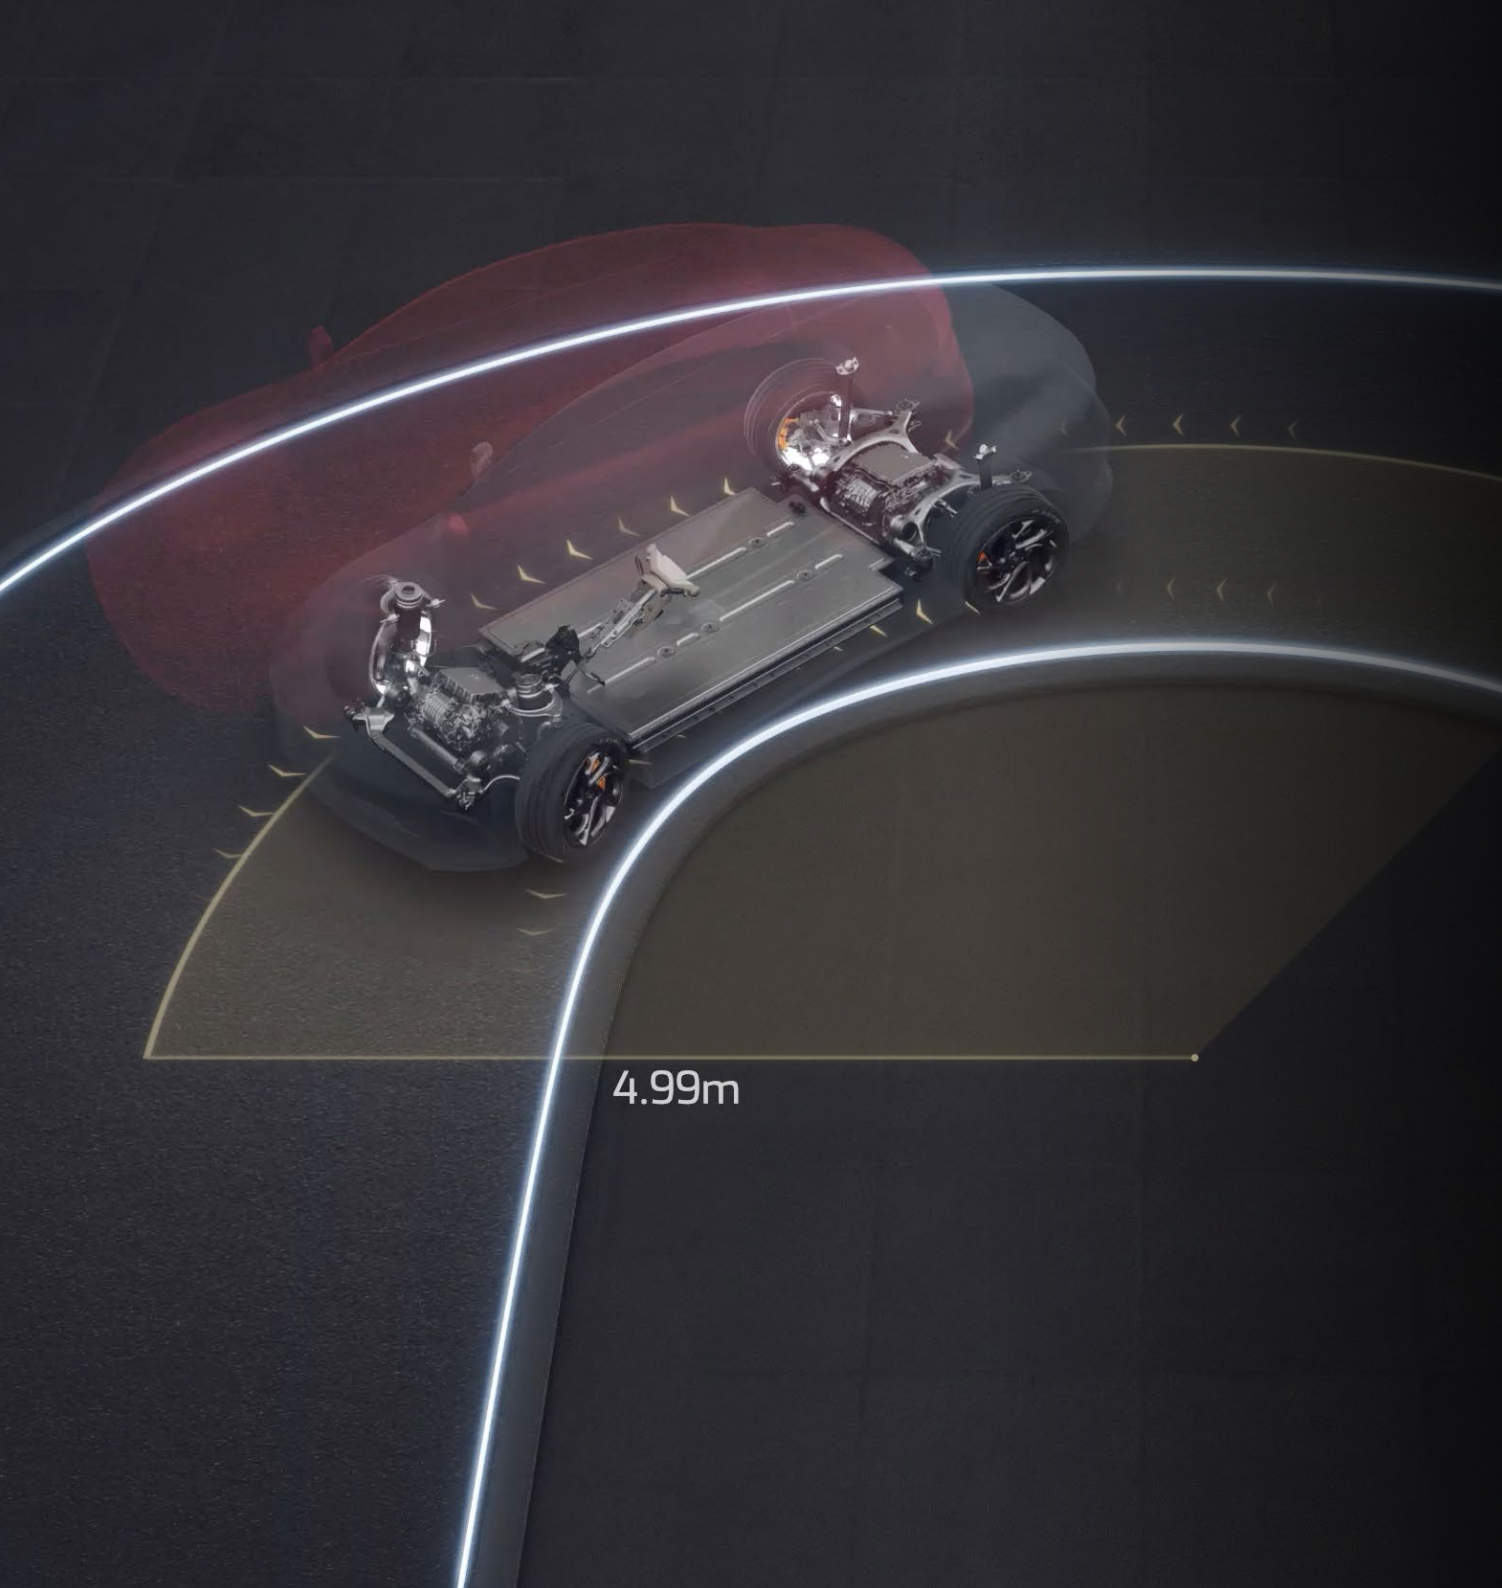

Driving Dynamics

Experience intelligent and adaptable driving on Australian roads with the IM5. Its Advanced Air Suspension System* combined with the Continuously Control Damping (CCD) System*, redefines your comfort and stability, automatically adjusting spring stiffness and vehicle height on the go. This dynamic adjustment effortlessly filters out high-frequency vibrations and noise, creating a serene passenger environment. Beyond comfort, the system intelligently lowers the vehicle for enhanced aerodynamics at speed, extending your range.

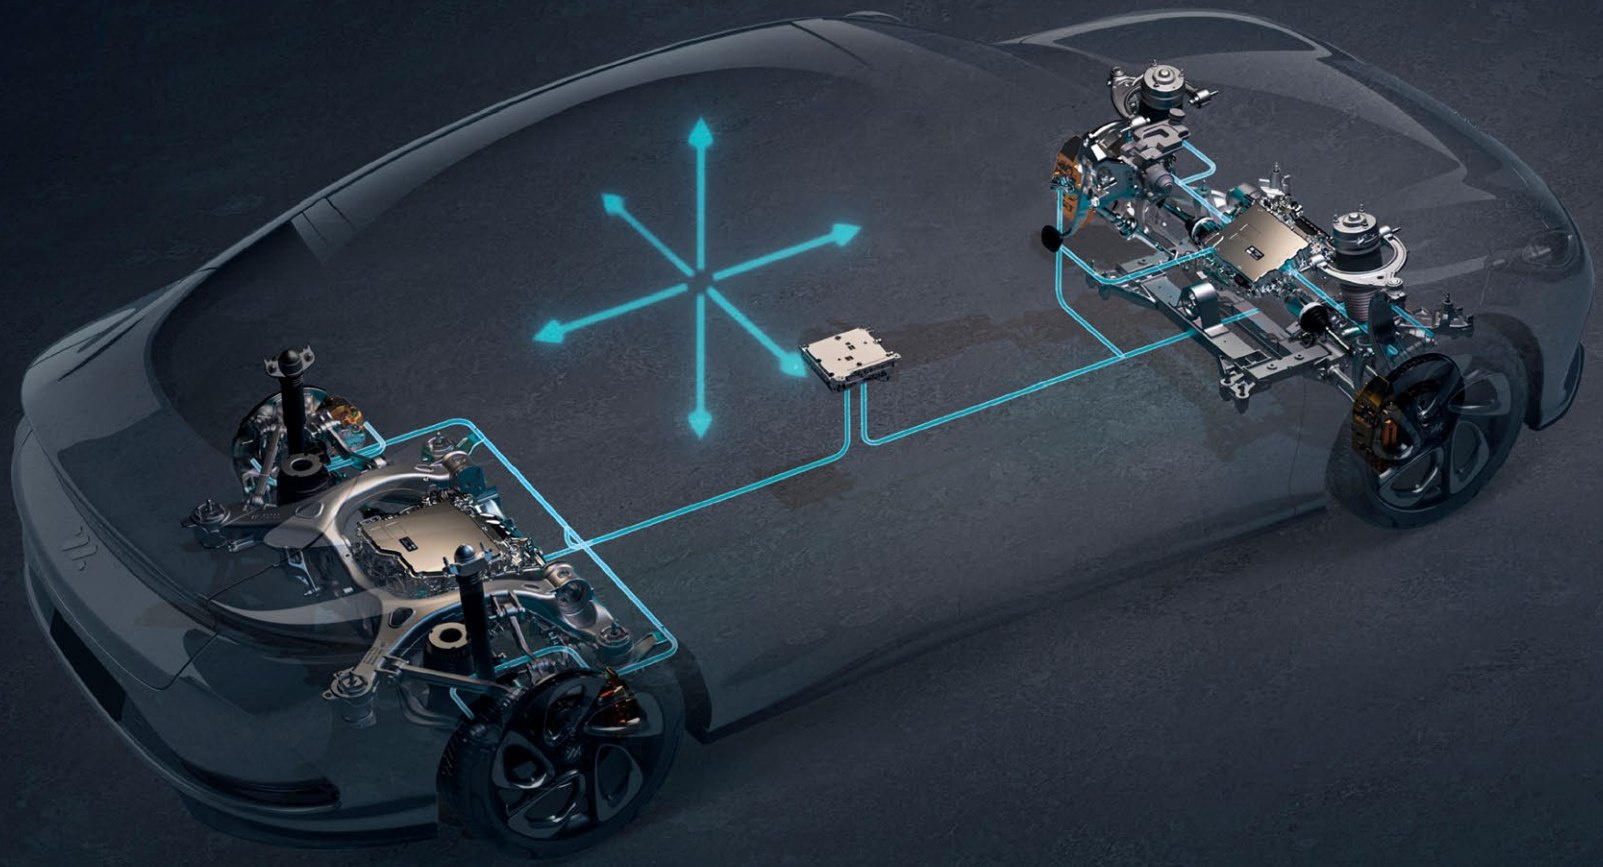

*T&C's -Available on Performance models only

Master Every Maneuver

Experience unmatched manoeuvrability and elevated control in the IM5, featuring an advanced rear-wheel steering system offering up to 12° of total rear steering. This innovative technology significantly reduces your turning radius for superior handling in any scenario.

For city driving and parking, the rear wheels pivot inversely to the front, achieving an impressive turning radius of just 4.99 meters, comparable to that of smaller hatchback. At higher speeds, they steer parallel to the front wheels, providing enhanced stability and a feeling of unwavering confidence during lane changes.

Intelligent Digital Chassis

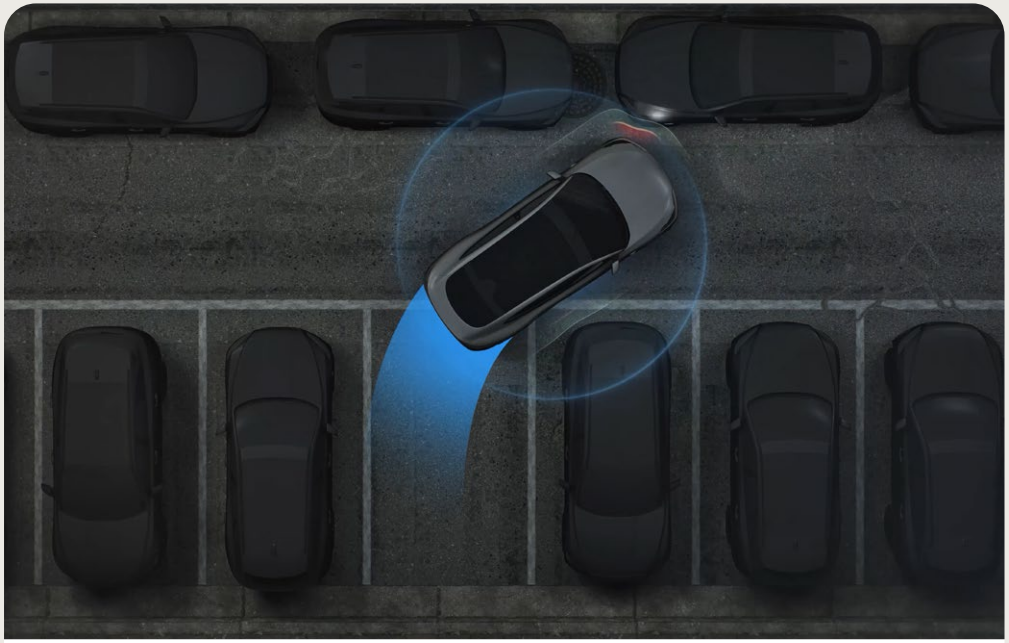

The IM5 is built upon a ‘digital chassis’, an innovative architecture that integrates intelligent technology throughout the drivetrain of the vehicle. This sophisticated integration allows for the meticulous monitoring and evaluation of every critical, trackable element.

Serving as the IM5’s digital cerebellum, an advanced NVIDIA Orin N® Chip manages and maintains a comprehensive suite of driver assistance functionalities.

This intelligent technology integrates real-time machine learning to continuously enhance IM5’s safety and practicality.

One Touch is all it takes

True convenience at your fingertip. One Touch is all it takes for the IM5 to expertly execute parking, reversing, and tight-spot departures, simplifying your drive.

ONE TOUCH PARK

Say goodbye to parking woes with the IM5's One-Touch Park. This smart driver aid utilizes comprehensive camera systems to scan and with a single touch, accurately and safely parks itself, simplifying even the trickiest manoeuvres.

ONE TOUCH PULL OUT

Navigating out of a tight parallel parking space just got easier with the IM5's One-Touch Pull Out. When exiting becomes difficult due to nearby cars, this smart system automatically calculates and executes the optimal exit angle with a single touch, ensuring a hassle-free departure.

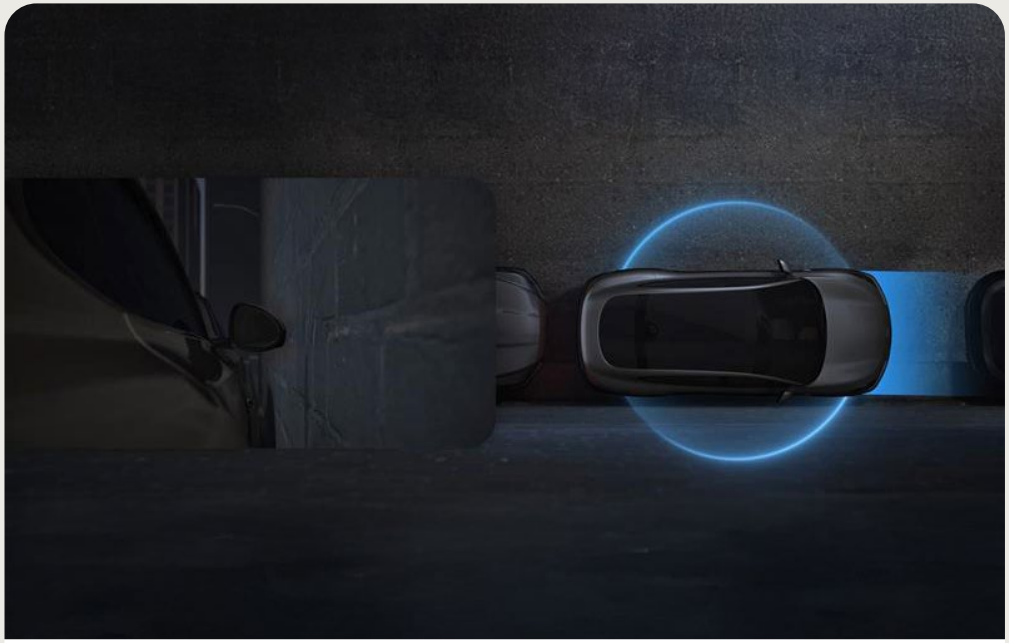

One Touch is all it takes

True convenience at your fingertip. One Touch is all it takes for the IM5 to expertly execute parking, reversing, and tight-spot departures, simplifying your drive.

ONE TOUCH REVERSE

Ended up in a street that you didn't mean to? IM5's intelligent One Touch Reverse can help. IM5's smart tech allows it to remember it's path and with one touch, simply reverse back to where it came. All while utilising all of the many safety features and cameras to ensure the vehicle and its occupants return safely to where they started.

ONE TOUCH KERBSIDE PARKING

Ideal for navigating congested city streets, One Touch Kerbside Parking enables the IM5 to easily maneuver into tight parking spaces right against kerb or walls, even when visibility is limited.

Rainy Night Mode

Beyond premium hardware like cutting-edge chips, the IM5 delivers intelligent experiences that tackle real-world driving frustrations. One notable feature of the IM5 is Rainy Night Mode. It uses the cameras on the vehicle and provides a clear and real-time view of driving blind spots, such as the A-pillar, rear view and so on, helping drivers be fully aware of their surroundings and potential risks in the traffic.

Rainy Night Mode also synchronises with your other common vehicle settings such as defogging and mirror heating for a complete and comprehensive visibility in any condition.

Advanced Safety, Enhanced Driving.

Drive with unwavering peace of mind in the all-new IM5, engineered with the latest safety innovations. Its sleek and modern design is not only a head turner but also integrates seamlessly with advanced safety principles. IM5's advanced driver-assistance systems (ADAS), powered by a dedicated NVIDIA Orin N® chip, offer an advanced layer of safety and support for every journey. Combining premium comfort and driving dynamics with these top-tier safety features, the IM5 ensures you can travel with absolute confidence.

ANCAP SAFETY
TESTED 2025
★★★★★

IMAD

SPEED LIMIT INFORMATION FUNCTION

Actively detects speed limit signs and alerts you to your current vehicle speed.

AUTOMATIC EMERGENCY BRAKING

AEB maintains continuously monitors the road ahead, autonomously engaging the brakes should it detect any obstacles posing a potential threat to the driver.

LANE DEPARTURE WARNING

Alerts the driver when the IM5 is getting too close to the lane edge.

INTELLIGENT SPEED ASSISTANCE

Autonomously tracks the vehicle ahead, managing acceleration, braking, and steering to remain within the lane at cruise speed.

ADAPTIVE CRUISE CONTROL

Detects the front vehicle position and keeps a safe distance between your IM5 and the car in front.

LANE CHANGE ASSIST

Alerts the driver when the IM5 is approaching the lane edge too closely.

REAR CROSS TRAFFIC ALERT

Alerts you of approaching vehicles and pedestrians when reversing out of parking spaces.

FORWARD COLLISION WARNING

Senses impending collisions and applies the brakes to help avoid or lessen impact.

BLIND SPOT DETECTION

Registers objects in hard-to-see areas to help you change lanes safely.

The above safety features are driver assist technologies that are not a substitute for safe and attentive driving or for the drivers control over the vehicle.

Experience Exceptional Range and Rapid Charging

With an impressive range of up to 755km‡, the IM5 is ready for any journey. Opt for the All-Wheel Drive variant and still enjoy a substantial 625km‡ range. Benefit from the convenience of DC fast charging, adding a crucial 50% charge (30% to 80%) in just 15.2 minutes, getting you back on the road swiftly.

IM IM5

IM5 PREMIUM (75KWH):

- 400V IGBT Platform
- EV Range of 550km (NEDC)
- EV Range of 490km (WLTP)
- 75kWh LFP Battery
- 0-100km/hr in 6.8 seconds
- Top speed of 200kph
- Maximum Power (kW) -217kW
- Maximum Torque (Nm) -450Nm
- Ultra-soft synthetic Leather seats
- Ventilated Wireless charging pad
- Thermal-insulating Glass Roof
- Intelligent cabin powered by Qualcomm Snapdragon® 8295
- 26.3" Immersive touch screen
- 10.5" Central touch screen
- Wireless Apple CarPlay® and Android Auto™
- IM Advanced Driver Assistance System (ADAS) - Powered by NVIDIA Orin N®
- iSMART Connectivity
- 19" Aerodynamic Wheels fitted to Hancook iON Performance Tyres
- 5 Exterior Colour choices
- 2 Interior colour choices
- Intelligent Four-Wheel Steering system (with Crab Mode)
- Road Noise Control (RNC)

IM5 PLATINUM (100KWH RWD) (IN ADDITION TO):

- 800 SiC Platform
- EV Range of 755km (NEDC)
- EV Range of 655km (WLTP)
- 100kWh NCM Battery
- 0-100km/hr in 4.9 seconds
- Top speed of 220kph
- Maximum Power (kW) - 300kW
- Maximum Torque (Nm) - 500Nm
- 20" Sporty Wheels fitted to Pirelli P-Zero Tyres

IM5 PERFORMANCE (100KWH AWD) (IN ADDITION TO):

- EV Range of 625km (NEDC)
- EV Range of 575km (WLTP)
- 100kWh NCM Battery
- 0-100km/hr in 3.2 seconds
- Top speed of 268kph
- Maximum Power (kW) - 200 / 372 (Front/Rear)
- Maximum Torque (Nm) - 302 / 500 (Front/Rear)
- Advanced Air Suspension
- Continuously Control Damping (CCD) System

Connected Convenience, Inside And Out

With IM iSMART, you can control key functions of your IM5 remotely, including monitoring charging and checking vehicle health - all from your smartphone.

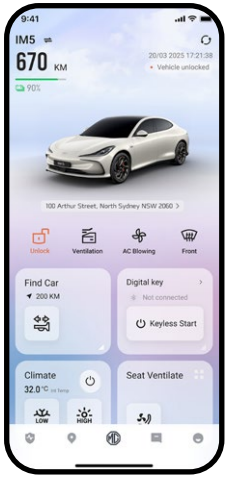

REMOTELY CONTROL FUNCTIONS

Enjoy the convenience of setting the air conditioning to cool your IM before you even get in, perfect for your daily commute or summer adventures. During colder months, you can remotely activate the driver's seat heating to stay warm and cozy**. Plus, lock and unlock your IM5 with ease - all from a distance!

YOUR TRAVEL GUIDE

With just a tap, the Travel Planner lets you explore and search for destinations using the inbuilt digital map. Effortlessly plan your journey by browsing nearby points of interest and mapping out your route.

SEE WHAT IM ALL ABOUT

All from the iSMART app, you can conveniently check your vehicle's status, including door locks, tyre pressure, battery levels, even airbag readiness - all from your smartphone!

IM LOST? NO MORE

Lost track of where you parked? With a simple tap, the iSMART app shows your precise location on the map, so you can navigate back easily**. For added convenience, activate the car's horn and flashing lights to spot it instantly in crowded parking lots. No more searching - your IM5 is just a tap away!

*IM iSMART is provided as a complimentary service for the first 12 months from your purchase date of a new IM vehicle. After this period, you are responsible for payment of any service or licence charges IM may introduce. If charges are implemented, you will receive at least 60 days' notice. **Requires GPS signal may face limited capability in underground car parking.

Exceptional Service

A COMMITMENT TO ACCESSIBILITY AND QUALITY

Our goal is straightforward: offer accessible and quality service. Our extensive network of dealers are set up to give every customer a smooth experience from the moment you come in. This practical approach ensures that your IM5 journey is always backed by our network, there to help and give you peace of mind.

PEACE OF MIND

Your new IM5 comes complete with a comprehensive manufacture and battery warranty. Our industry-leading engineering plus rigorous research and development programs also ensure a positive ownership experience. Plus, warranty coverage is backed by the nationwide dealer network.

PRECISE PRICE SERVICING

Your IM5 deserves the best of care. With our Precise Price Servicing, all items requiring maintenance as indicated in the service schedule, are included in the quoted cost. This means we assure you that the price listed is the price you will pay.
